

# DESIGN FREELY IN METAL

## GIVE EACH SURFACE

## A UNIQUE CHARACTER

# VeroMetal<sup>®</sup>

Miles ahead, you notice

## Unlimited formability and unique design

This finishing coating made from real metal gives architects, interior designers, stylists and artists all the flexibility they require to produce truly pioneering designs. Every design takes on the authentic characteristics of metal.

## Luxurious and durable

VeroMetal® has been tested under extreme conditions around the world and has a proven track record of longevity in multiple environments: outdoor, indoor and in wet conditions. With a strong, durable, lightweight metal surface coating, it offers exclusive finishing touches to your design for yachts, hotels, shop interiors and more.

## Architecture with flair

Façades, walls, floors, furniture or construction elements. Robust and authentic, polished to a mirror finish, or with a striking texture.

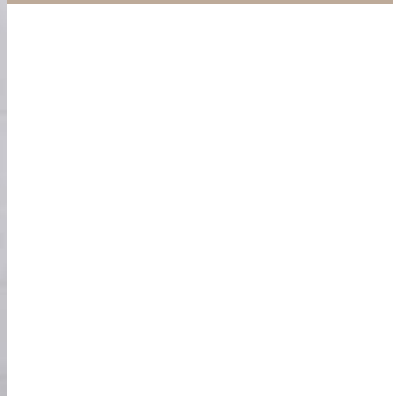

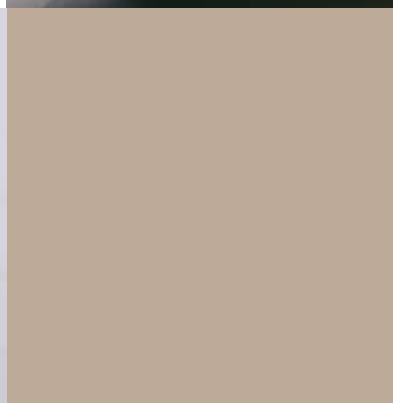

# VeroMetal®

Miles ahead, you notice

# Value engineering opportunities

Delight discerning clients with innovative ideas *and* save money. VeroMetal® can be substituted for more expensive metal materials such as sheet metal or foundry. Transform environmentally sustainable MDF, recycled aluminum or drywall by applying the infinitely flexible VeroMetal® to deliver gorgeous metal surfaces. With VeroMetal®, it is now possible to specify metal on surfaces (where previously) metal finishing was not possible.

Bespoke Finish™ is the authorized partner for VeroMetal in North America.
